Meet an Administrative Professional

This month we would like to honor **Sandra Kinsey** for our Administrative Professional Spotlight! Sandy has worked as a receptionist/administrative assistant/office manager in several profit and non-profit organizations during her work career beginning in 1973. She had her family first, 5 sons, and attended Delaware Technical and Community College in Wilmington, DE, earning her Associates Degree in Office Management/Administration at the age of 49. Sandy enjoys baking pies and taking riding lessons with one of her granddaughters.

As the part-time Administrative Assistant in Middle, Secondary, and Mathematics Education Department, Sandy brings her special gifts in organization, customer service and teamwork. She interacts with supervisors of MSME's practicum and student teacher students as well as with faculty and staff. She earned her AACP Certificate this spring as well as receiving the Provost's Award for Administrative Excellence. Sandy retired at the end of May this year and has several ideas of what she'll be doing during her retirement. She won't stay idle.
