

JMU Chemistry & Biochemistry students, staff and faculty are invited to a two-part event:

1. **ACS Webinar** – Watch for free – *Wed, Sept 9, 2020 from 2-3pm* (details below), and
2. **Zoom conversation** – Join other JMU Chemistry & Biochemistry community members in an informal online discussion – *Fri, Sept 11, 2020 at 3:15pm*

#### **What You Will Learn in the Webinar**

- How to identify the ways that silence allows structural and systemic bias, racism, and discrimination to continue
- How to actively identify ways that they personally can dismantle bias within their own spheres of influence
- How to leverage the framework from the lecture to model inclusive behaviors and challenge oppressive systems

All are encouraged to attend either or both events as your schedule allows.
