

FACULTY EMERITI ASSOCIATION

From the President's Desk...

Happy Fall to each of you! I hope your summer was enjoyable and that it is now a sweet memory. The Emeriti Association had a wonderful picnic in August with over 100 members and guests attending. Plans are set for the Fall Luncheon on October 20th and our Holiday Gala on December 14th. So be sure to mark these dates on your calendar. In addition, plans are in the works to visit Washington, DC. Details will be forthcoming. As always, we have a number of gatherings planned for the participants of our various interest groups and a couple of new groups to tempt you to join. Details for these activities can be found on page 2 in this newsletter and on our website at www.jmu.edu/emeriti.

As noted in a previous newsletter, Dr. David Bernstein, Professor of Computer Science in the College of Integrated Science and Engineering, is the recipient of the 2016 Faculty Emeriti Association Legacy Grant. The Legacy Grant was officially presented to David at the general faculty meeting in August and he will offer some brief comments at our Fall Luncheon about his plans for the grant funding.

I had the opportunity to attend the fall reception for the Valley Scholars Program along with several hundred students in the program and their family members. At one point during the program a mother of one of the

students came up to me and personally thanked me for donating to the Valley Scholars Program. She wanted me to know that her son's involvement in the program would not have been possible without the financial support from the community. I am delighted to report that our Association members have donated over \$2,000 to this program. So keep up the good work, my friends!

Your generous support reflects a sustained commitment to the Valley Scholars Program. If you'd like to donate to this program, your checks should be made payable to the "JMU Foundation" with "Valley Scholars Program" in the memo line and mailed to JMU Foundation, Inc., James Madison University, MSC 8501, Harrisonburg, VA 22807.

I am looking forward to seeing you at our events. Best wishes....

Travel Group—needs a coordinator

For several years, the Emeriti Association has had a number of active interest groups with robust membership, and we are always interested in starting new groups that reflect the interests of our members. These groups provide an informal atmosphere for emeriti faculty to gather and socialize. If you are interested in any of these groups, you can get additional information from the organizer, listed in the left margin of this page, or either of the Emeriti Interest Group Coordinators—Mary Lou Wylie (wylieml@jmu.edu) or Bill Voige. (voigewh@jmu.edu).

The Breakfast Group meets the second Wednesday of each month at 9 am at Bob Evans Restaurant.

The Lunch Group meets monthly (except in August and December) at 11:30 at a local restaurant. We rotate through the weekdays to accommodate members who have obligations on particular days. We generally have around 15 members in attendance, and you can always count on a lively discussion of local events, members' recent travels, and sometimes even their grandkids' accomplishments! Spouses and guests are always welcome.

The Dinner Group meets monthly with the usual exception of August and December. Group members host the lively potluck dinners.

The Beer and Hard Cider Group meets every other month at various locations—breweries, beer shops, bars, and members' homes—to taste a variety of beers and hard ciders.

The Wine Social Group gathers once a month to enjoy wine, food, and conversation.

The Emeriti Book Club meets monthly (except in July, August and December), generally on the third Monday afternoon.

Our choice of books is eclectic and includes a balance of fiction and nonfiction.

The Film Group is a loosely structured group of movie buffs who enjoy getting together with friends to go to the movies and perhaps dinner afterwards.

The Bridge Group meets regularly to play bridge.

The Emeriti Friends Group is available to provide assistance to any members needing help with transportation, meals, etc. If you would like some kind of assistance or if you would like to be on the list to help provide assistance, please contact Mary Lou Wylie.

We have three new groups that are beginning to form, and we hope they will soon be established:

The Whiskey Tasting Group will meet regularly to taste various whiskeys (Scotch, bourbon, etc.).

The Travel Group will suggest travel options, both day trips and weekend trips, for the larger emeriti group, as well as take trips themselves.

The Music Appreciation Group would gather regularly to listen to music, watch video performances, and watch or participate in live performances. Group members would provide light refreshments. (You do not have to play an instrument or sing to be in this group.)

We are always looking for new and exciting interest groups for our members. Some that have been suggested and are looking for enough members are Square Dancing, Writing Group, Bowling, Vegetarian Meals and Play Reading. If you are interested in these or you have ideas for other possible groups, contact Mary Lou Wylie or Bill Voige.

Epigenetics is an exciting new area of human genome research that seeks to understand how epigenomic alterations to DNA and its packaging control the expression of DNA in our bodies. We will talk about diseases associated with dysregulation of our epigenome and how we can influence our epigenome to be our healthiest selves. Refreshments will be served.
